Overview Year 11	Students have the opportunity to begin a second or third project to back up their portfolio of work.		Students entered for the qualification will receive the exam paper (The Externally Set Task) typically from the beginning of January and must be completed by the given deadline for the June series (usually middle of May). Students must choose one theme and produce preparatory work to support one or more personal outcomes based on their investigations of a relevant starting point from the options given in the exam paper. Students are allowed a total of 10 hours to complete the task. The externally set task generates 40% of the final GCSE grade.
